

Public Guidance

The following guidance applies across the state, but there may be more restrictive or specific guidelines in your area.

Please check your **local health department** website for more information.

[GET TESTED](#)[STAY WELL](#)[FREQUENTLY ASKED QUESTIONS](#)[STATE ORDERS & DIRECTIVES](#)

MI SAFE START RESTRICTIONS

Track the current COVID-19 risk levels across the state, as well as epidemic spread by region.

[MI SAFE START MAP DASHBOARD](#)[PUBLIC HEALTH GUIDANCE](#)

The entirety of the state of Michigan is currently under the same public health guidance and restrictions, but there may be more restrictive or specific guidelines issued by local governing authorities. Individuals should contact their local health department or check their website for more information.

Continue following best practices

Wash your hands often with soap and water for at least 20 seconds.

Maintain at least 6ft distance from other people whenever you are out of your household.

Wear a mask in all public settings to prevent spread of infection.

^ Overall Public Health Guidelines

This section contains a brief overview of state guidelines. For more detailed information, please see "Detailed Guidelines for Specific Activities" below.

✓ Open ✗ Not Open ⚠ Open With Restrictions

Indoor residential gatherings

Up to 10 people from two households are allowed and masks are required.

Outdoor residential gatherings

Up to 25 people from three households are allowed and masks are required.

Indoor public gatherings

Indoor public gatherings outside the home are not allowed.

Outdoor public gatherings

Capacity limits vary depending on venue type, but never more than 25 people; masks and social distancing are required.

Holiday activities

Masks are required; follow indoor and outdoor gathering limits and MDHHS Holiday Guidance at [Michigan.gov/Holiday2020](https://www.michigan.gov/Holiday2020).

Holiday travel

Avoid travel if at all possible; follow CDC guidance for traveling if travel is necessary.

Childcare

Masks must be worn at all times by everyone age five and older; guidelines vary for those between the ages of two and five. (See detailed guidelines below.)

Cosmetology and barber services

Masks are required at all times; customer information must be collected for contact tracing purposes; appointments are required.

Doctor's offices

All patients must be screened for COVID-19 and masks are required.
